Although it is primarily a book about God, this unique volume is more specifically about the ways in which Jews have spoken of and written about God throughout four millennia of history. By looking at the Bible, rabbinic literature, the liturgy, and the work of ancient and modern Jewish theologians, best-selling author and respected rabbi Ronald Isaacs presents the ways in which Jewish tradition responds to and grapples with questions about God, including God's nature, attributes, and plan for the universe. Topics explored include: basic conceptions of God, early classical proofs of God's existence, theories of revelation, writing and pronouncing God's name, prayer, God in Jewish mysticism, Jewish theology since the Holocaust, how to respond when children ask about God, and how to develop a personal theology. For many people, the search for personal growth and spiritual fulfillment has raised numerous questions of faith. A introduction to the broad spectrum of issues about God, *Close Encounters: Jewish Views about God* will provide intellectual sustenance and ideas for further exploration for those readers seeking to strengthen their spiritual identities.

The fourth book in this important series presents all the traditional Jewish prayers with important commentaries from the rabbinic literature and modern Jewish scholars.

Helps readers to reflect on the role of gratitude in their lives and to cultivate this virtue for their own benefit. The first author to offer a critique of gratitude through an explanation of various types of gratitude, Charles Shelton uses his skills as a clinical psychologist to present insights into the human experience of gratitude based on his own research. The exercises, strategies, and reflection questions threaded throughout the book give it a practical dimension that facilitates the reader's growth. Shelton's highly original reflection on Jesus as a grateful person lends a spiritual dimension to his work. This book will benefit individual readers as well as

Poet, philosopher, and sensitive misanthrope, a spectacular fly in the ointment of the refined eleventh-century Andalusian-Jewish elite, Solomon Ibn Gabirol comes down to us as one of the most complicated intellectual figures in the history of post-biblical Judaism. Unlike his worldly predecessor Shmuel HaNagid, the first important poet of the period, Ibn Gabirol was a reclusive, mystically inclined figure whose modern-sounding medieval poems range from sublime descriptions of the heavenly spheres to poisonous jabs at court life and its pretenders. His verse, which demonstrates complete mastery of the classicizing avant-garde poetics of the day, grafted an Arabic aesthetic onto a biblical vocabulary and Jewish setting, taking Hebrew poetry to a level of metaphysical sophistication and devotional power it has not achieved since. Peter Cole's selection includes poems from nearly all of Ibn Gabirol's secular and liturgical lyric genres, as well

as a complete translation of the poet's long masterwork, "Kingdom's Crown." Cole's rich, inventive introduction places the poetry in historical context and charts its influence through the centuries. Extensive annotations accompany the poems. This companion volume to Peter Cole's critically acclaimed Selected Poems of Shmuel HaNagid presents the first comprehensive selection of Ibn Gabirol's verse to be published in English and brings to life an astonishing body of poetry by one of the greatest Jewish writers of all time.

And it is by our own volition that we have refused too many times to allow our holiday celebrations to be the spiritual experience they are meant to be. This book has been conceived and designed over 30 years as Dr. Bill Thrasher has spoken to thousands of people, helping them realize the spiritual battle that surrounds their celebration of the holidays. Littered with practical thoughts, ideas, experiences, and stories, Putting God Back in the Holidays will help you and your family celebrate holidays and birthdays with biblical truth in mind.
