

## Business Law 10th Edition

Rev. ed. of: Smith and Keenan's advanced business law. 10th ed. 1997.

Gain a thorough understanding of today's employment and labor-relations laws with a text written specifically for you, if you are majoring in business or other non-legal studies -- Cihon/Castagnera's EMPLOYMENT AND LABOR LAW, 10E. This comprehensive, engaging introduction uses excerpts from real case law to illustrate how labor-related disputes arise and are resolved in the courts. Eye-opening features, such as The Working Law and Ethical Dilemmas, demonstrate how labor legislation and ethical decision-making impact employees at all levels of organizations -- from hourly workers to owners. You review the most up-to-date information on significant topics, such as the NLRB and EEOC, the Fair Labor Standards Act, the president's executive orders for undocumented immigrants and LGBTQ rights, Obamacare, the Defense of Marriage Act, and other employee-benefits developments. You also study issues relevant to you, such as FLSA and NLRB rights for unpaid interns, teaching assistants, and student-athletes. No other book combines such balanced coverage with an exceptional reader-friendly approach.

A Textbook of Cost and Management Accounting provides the students with thorough grounding in cost concepts, cost behaviour and methods, and techniques of cost and management accounting with an understanding of the uses and limitations of cost and financial data for managerial operations. The text of the

subject matter has been presented in a student-friendly, simple and intelligible manner. Every discussion involving conceptual complexity is immediately illustrated by a numerical example. In addition, the book contains a liberal sprinkling of charts and diagrams so as to make the subject easily understandable and highlight its finer points. The subject matter has been organized on 'first things first' basis for its logical presentation that sustains interest. The approach of the book is examination oriented. Thus, a good number of problems and solutions have been included in its chapters. Theoretical and numerical questions have been mostly selected from various examinations. Objective type questions have been given to serve as self test by students. This is an ideal book for self study. New to this edition • All chapters thoroughly revised • Latest information on Cost Accounting Standards (CAS) issued by the Institute of Cost Accountants of India (ICAI) • Chapter on 'Miscellaneous Topics' made more contemporary by including some new sub-topics, and thus re-named 'Advanced Cost Management Techniques' • Revision and augmentation of practical problems

Businesses using the corporate form give rise to three basic types of agency problems: those between managers and shareholders as a class; controlling shareholders and minority shareholders; and shareholders as a class and other corporate constituencies, such as corporate creditors and employees. After identifying the common set of legal strategies used to address these agency problems and discussing their interaction with enforcement institutions,

The Anatomy of Corporate Law illustrates how a number of core jurisdictions around the world deploy such strategies. In so doing, the book highlights the many commonalities across jurisdictions and reflects on the reasons why they may differ on specific issues. The analysis covers the basic governance structure of the corporation, including the powers of the board of directors and the shareholder meeting, both when management and when a dominant shareholder is in control.

This book examines the law and practice of debt recovery from consumers in Australia. It is the second edition of Australian Debt Recovery Law which was published in 1990. The new edition is updated to meet changes to the law in the past decade, but more than that it now has three authors from three quite different backgrounds. The academic author of the first edition, Bruce Kercher has been joined by one of Australia's leading financial counsellors, Betty Weule and by the principal solicitor of the Wesley Legal Centre (which concentrates on consumer credit issues), Richard Brading. It is stronger in its focus on the actual practice of debt recovery law, while retaining its statement of the law and its historical analysis and arguments for legal change. An early chapter considers debt recovery outside the courts, including an analysis of the law governing the constant problem of harassment. It then moves through the various stages of obtaining judgments, presenting defences and enforcement of judgments. The book concludes with a new chapter on bankruptcy law. The principal aim is to present the law

concisely, accurately and with as little legal jargon as possible, while also showing how the law is used as a tool of bargaining and threats.

Business Law, 5th Edition (James et al.) is written for business students to provide a clear and accessible introduction to the legal system. Business law courses are the first exposure to law for many business students and the first time they are obliged to think deeply about the discipline. This updated edition presents business law in a practical context rather than the doctrinal context that many major legal publishers use. The Business Law interactive e-text features a range of instructional media content designed to provide students with an engaging learning experience. This includes practitioner videos from Herbert Smith Freehills, animated work problems and questions with immediate feedback. This new edition is a unique resource that can form the basis of a blended learning solution for lecturers.

THE LEGAL ENVIRONMENT OF BUSINESS is the #1 text for this course--setting the standard by delivering comprehensive, authoritative, and cutting-edge coverage in an interesting and accessible format. Its recipe for success includes the same black letter law flavor as its market-leading counterpart, BUSINESS LAW by Clarkson, Miller, and Cross, but with a specific focus on current topics such as ethics, government regulation, and administrative law. The cases, content, and features of the exciting new Tenth Edition have been thoroughly updated to represent the latest developments in the business law environment. An excellent assortment of cases ranges from precedent-setting landmarks to

important recent decisions, and ethical, global, e-commerce, digital, and corporate themes are integrated throughout. In addition, numerous critical-thinking exercises challenge students to apply what they have learned to real-world issues. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. As riveting and current as today's headlines, **CRIMINAL JUSTICE IN ACTION**, 10th Edition, is designed with today's busy students and instructors in mind. Concepts come alive thanks to vivid straight-from-the-headlines vignettes at the beginning of every chapter and real-world examples throughout the book. Choosing what's important to remember is a snap with each chapter's numbered objectives, which are reinforced throughout the chapter and in the book's supplements. Thinking critically and writing become less intimidating with the guidance of practical writing activities. Reviewers praise the crisp, clear topic coverage as well as the magazine-style design and captivating writing. And with the insightful coverage of ethics, policy, and discretion, students gain a panoramic view of key criminal justice issues that goes beyond learning facts. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This standard-setting book contains 17 chapters that follow the progression of a start-up business and anticipate its legal concerns through the stages of growth up to an initial public offering. **THE ENTREPRENEUR'S GUIDE TO BUSINESS LAW** examines legal constraints

and opportunities, offering advice on business strategy as well as providing real-world examples. This Third Edition includes updated information on going public and the impact of Sarbanes-Oxley on those businesses considering going public--including the focus on corporate governance and the costs associated with complying with Sarbanes-Oxley. This text is appropriate at both the undergraduate and graduate level for those courses that cover legal issue and entrepreneurs.

Depending on the course, it could be used as either a core text or a supplement. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Provide a description about the book that does not include any references to package elements. This description will provide a description where the core, text-only product or an eBook is sold. Please remember to fill out the variations section on the PMI with the book only information. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

and agency. It provides a broad overview of the foundation of various legal systems and goes on to examine the various areas of legal liability that may impact on business activities.

Interesting, clear, and applied, **BUSINESS LAW TODAY: STANDARD EDITION** is the ideal guide to the law and what it means in the business world--from contracts and secured transactions to warranties and government regulations. Easy to understand with an engaging writing style that is matched by vibrant visuals, **BUSINESS LAW TODAY** includes coverage of contemporary topics that impact not only the business world, but your life--from the financial crisis and its impact on business law to identity theft, immigration law, and diversity issues. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Présentation de l'éditeur : "Written with business, management, and finance and accounting students in mind, the authors put the law into a context that they can easily understand by introducing case studies in every chapter. These 'Business Scenarios' help the students contextualize the law by presenting the reader with an example of an everyday problem which demonstrates how the law can affect a company, employer, employee, or civilian.

Throughout each chapter the students are asked to

pause and consider how the content applies to these routine business problems, enabling them to become active readers and think independently about how the law operates. The first chapter provides a helpful guide to studying the law and advice on how to excel in assessments so that they can fulfil their potential. This chapter includes a sample problem question and model answer. Further sample problem and essay questions can be found at the end of chapters, giving readers an opportunity to test their understanding and practise for assessments. Students will be able to find indicative answers to these questions hosted with the online resources for this book. At the end of each chapter the authors provide further reading suggestions to guide students that want to deepen their knowledge, including well-maintained and trusted websites, Twitter feeds, and YouTube channels in addition to suitable books and articles."

A practical and hands-on study of the laws affecting real property, Marianne Jennings's REAL ESTATE LAW continues to bring to life the law of real estate ownership, transfer, and development while examining the day-to-day transactions of the real estate marketplace. Continuing her tradition of lively case selection and clear discussion of the rules and regulations of real estate, this text has been praised for its practical approach in assisting students as well as real estate professionals to recognize,
