Exhausted by the futility of her efforts against the city's endemic problems and the revolving door of violence in her Chicago emergency room, Dr. Miranda Campbell came home to Wishful, where she knew she could make a real difference in people's lives. Between her clinic, a rotation in the hospital's ER, volunteer work at the new women's shelter, and time spent with family and friends, her life is full. But it's not too full to notice a sexy lawman when she sees one. Former US Marshal Ethan Greer is still settling into the job as Wishful's new Chief of Police, but he's starting to realize it may be years before he'll ever be considered one of the locals. Fair enough. He's the first to admit that making the shift to small town policing is a big adjustment. After losing his marriage and almost his life in line of duty, the slow pace of Wishful is a change he's happy to make. While Miranda's and Ethan interest in each other is mutual, he's not sure about taking on a serious relationship. That's just fine with her. But when Miranda is targeted in an escalating chain of threatening events, Ethan's Marshal instincts go on overdrive. Miranda's rose-colored view of Wishful is putting her in danger. She's become more than a casual fling or a job responsibility. With Ethan's training screaming at him to put her in protective custody, can he find out who's behind the threats before he pushes Miranda away?

This is the story of the training of U.S. W W II glider pilots, mainly in the U. S., but also includes some training that took place in several foreign countries. Excitement, daring adventures, and horror were not exclusive experiences of WW II pilots flying combat missions in bombers, fighters, and gliders. Rest assured, the training of glider pilots was replete with stories of nearly equivalent adventures and misadventures. Some of those were comical, but often they were frightening, frustrating, painful, and/or perplexing. Sadly, some were deadly This book is a synthesis of diverse information, and based on over 190 sources. One hundred fifty-four of those are either oral or written histories from the men and sometimes the women involved. A large number of these are unique and previously unrecorded. much more than that: a job she loves as an innkeeper, a close-knit community of friends, and a chance at the perfect romantic future she's always longed for. But nothing is as it seems, especially when it comes to Liam Kane, the gorgeous millionaire who sweeps into her life from out of the blue...and instantly turns it—and her heart—upside down. The first time Liam Kane lays eyes on Christie, he's a total goner. He knows he should keep his distance, because he's not capable of giving her the happily-ever-after she's looking for. But when it comes to her smiles, her laughter, her kindness—and her sweetly sinful kisses—for the first time in his life, he can't hang on to his self-control. Not when the love she offers him is everything he never thought he could have, but now craves with every fiber of his being. But Liam has been keeping a secret for twenty years, one that nearly destroyed him—one that has the potential to tear his whole family apart too. When Christie can't stop herself from trying to help out of pure love, will Liam be able to let himself heal? Or will they both end up broken, leaving her to pick up the pieces all over again? 5 STAR REVIEWS: "It is always a very special treat to have a new Bella Andre book to read! The essayist presents scenes from his twelve years of homelessness, reflecting on the humanity that still exists in society's outcasts

I have always been very passionate about my writing and have found this to be my own way of dealing with experiences of my life, and the life story of those around me. Some were written with such love for amazing people in my life and some were written because of the story that particular person had shared with me. But all were done with thought, love and consideration :)

Author Interview Q: What makes the Wishing For A Hero series special? Wishing For A Hero is a collection of southern romance novels honoring my Mississippi roots. When I started my core Wishful Romance series, I set out to highlight everything that I love about living in the small town South--all our quirks, foibles, and dreams provide a fabulous (and often funny) backdrop to contemporary romances about stubborn, independent women and the men who love them. But not every story fit that lighter side. Wishing For A Hero novels are still small town romance stories, but they've got a darker tone and an edge of suspense. Q: Who would dig these books? Wishing For A Hero is a southern romance series written for anyone looking for love in a small town--with a dose of suspense.
