

Opel Corsa D Service Cdti

????????????????,????????????????,????????????????????????????????

Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015. Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM. Each model is examined individually and supplemented by exhaustive supporting specification tables. The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner. Included is a penetrating review of Saab through to its unfortunate demise. Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America. Daewoo, Wuling and Baojun are other Asian brands covered in detail. This volume concludes with recording the remarkable early success of Holden and its continued independence through to today. Volume Three covers the smaller assembly operations around the world and the evolution of GM's export operations. A brief history of Isuzu, Subaru and Suzuki looks at the three minority interests GM held in Asia. The GM North American model specifications are the most comprehensive to be found in a single book. Global and regional sales statistics are included. GM executives and management from around the globe are listed with the roles they held. An index ensures that these volumes serve as the ideal reference source on GM.

Alone è un'idea. Impalpabile ma indelebile, come un alone appunto, impressa da tempo nella mente di Paolo Alberti, autore e curatore della raccolta. Un'antologia di racconti, che quasi didascalicamente ne riflettono il titolo e il filo conduttore, trasversale e poliedrica nei generi, dal noir alla fantascienza, dal comico al drammatico. Le storie di Alone infatti hanno come protagonisti la solitudine e l'invisibilità, osservate o vissute da ogni punto di vista, in un mondo in cui invece l'aspetto social sembra essere l'unica chiave per esistere e affermare la propria identità. Ed è forse l'unica antologia il cui titolo è perfettamente calzante e traducibile in italiano, quanto in inglese. Alone, come un respiro che si rapprende su un vetro gelido d'inverno, come una macchia che proprio non se ne vuole andare. Ma anche Alone, all'anglosassone, ovvero Solo, Solitario, o ripiegato su se stesso. Uno stretto manipolo di scrittori, già pubblicati, si è cimentato nella sfida di declinare in modo molto personale e variegato l'immagine evocativa di Alone, riuscendo nell'impresa di rendere meno invisibile l'invisibilità e meno sola la solitudine. Racconti di: Paolo Alberti, Gianluca Morozzi, Stefano Mellini, Leonardo Vicari, Piero Mariella
