In this trusted classic, you'll find out: How to draw up—and pare down—the guest list How to word invitations for every circumstance How to get his family to share wedding expenses, and who pays for what Where to seat divorced parents, and how to make sure they'll get along How to dress the bride, groom, mothers, and bridal party at every hour for every type of wedding Contemporary ideas for a long-weekend wedding, a destination wedding and more How to handle last-minute glitches, include children in a second wedding, and answer the tough question: "Am I invited to the wedding?" Registering on the Internet, the dos and don'ts Updated etiquette for a second wedding The new honeymoon rules—romantic trips in today's world

New York magazine was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Cincinnati Wedding provides everything an engaged couple needs to know about planning a wedding in Cincinnati USA, including the region's most comprehensive guide to reception venues, gown galleries showcasing the latest trends in bridal wear and countless ideas direct from real life, local weddings.

Over the past fifteen years, people in low- and middle-income countries have experienced a health revolution—one that has created new opportunities and brought new challenges. It is a revolution that keeps mothers and babies alive, helps children grow, and enables adults to thrive. *Millions Saved: New Cases of Proven Success in Global Health* chronicles the global health revolution from the ground up, showcasing twenty-two local, national, and regional health programs that have been part of this global change. The book profiles eighteen remarkable cases in which large-scale efforts to improve health in low- and middle-income countries succeeded, and four examples of promising interventions that fell short of their health targets when scaled-up in real world conditions. Each case demonstrates how much effort—and sometimes luck—is required to fight illness and sustain good health. The cases are grouped into four main categories, reflecting the diversity of strategies to improve population health in low-and middle-income countries: rolling out medicines and technologies; expanding

access to health services; targeting cash transfers to improve health; and promoting population-wide behavior change to decrease risk. The programs covered also come from various regions around the world: seven from sub-Saharan Africa, six from Latin America and the Caribbean, five from East and Southeast Asia, and four from South Asia.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Includes music.

American folklife is steeped in world cultures, or invented as new culture, always evolving, yet often practiced as it was created many years or even centuries ago. This fascinating encyclopedia explores the rich and varied cultural traditions of folklife in America - from barn raisings to the Internet, tattoos, and Zydeco - through expressions that include ritual, custom, crafts, architecture, food, clothing, and art. Featuring more than 350 A-Z entries, "Encyclopedia of American Folklife" is wide-ranging and inclusive. Entries cover major cities and urban centers; new and established immigrant groups as well as native Americans; American territories, such as Guam and Samoa; major issues, such as education and intellectual property; and expressions of material culture, such as homes, dress, food, and crafts. This encyclopedia covers notable folklife areas as well as general regional categories. It addresses religious groups (reflecting diversity within groups such as the Amish and the Jews), age groups (both old age and youth gangs), and contemporary folk groups (skateboarders and psychobillies) - placing all of them in the vivid tapestry of folklife in America. In addition, this resource offers useful insights on folklife concepts through entries such as "community and group" and "tradition and culture." The set also features complete indexes in each volume, as well as a bibliography for further research. The present volume comprises 6 highly original studies on material text cultures in different nontypographic societies stretching from the 3rd millennium cuneiform textual record of Ancient Mesopotamia to 20th century Qur'anic boards of northern and central African provenience. The volume provides a multidisciplinary approach to material text cultures complementary to the interdisciplinary, strongly theory-grounded research scheme of the CRC 933. The central aim of this encyclopedia is to give the reader a comparative perspective on issues involving conceptions of gender, gender differences, gender roles, relationships between the genders, and sexuality. The encyclopedia is divided into two volumes: Topics and Cultures. The combination of topical overviews and varying cultural portraits is what makes this

encyclopedia a unique reference work for students, researchers and teachers interested in gender studies and cross-cultural variation in sex and gender. It deserves a place in the library of every university and every social science and health department. Contents:- Glossary. Cultural Conceptions of Gender. Gender Roles, Status, and Institutions. Sexuality and Male-Female Interaction. Sex and Gender in the World's Cultures. Culture Name Index. Subject Index.

Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

A guide to planning a wedding using Internet resources reveals how to save money and ease the process of every detail, in a reference for busy couples that covers a full range of needs from finding a venue and securing service providers to obtaining bridal gear and selecting floral arrangements. Original.

In 1969, a low-budget biker movie, *Easy Rider*, shocked Hollywood with its stunning success. An unabashed celebration of sex, drugs, and rock 'n' roll (onscreen and off), *Easy Rider* heralded a heady decade in which a rebellious wave of talented young filmmakers invigorated the movie industry. In *Easy Riders, Raging Bulls*, Peter Biskind takes us on the wild ride that was Hollywood in the '70s, an era that produced such modern classics as *The Godfather*, *Chinatown*, *Shampoo*, *Nashville*, *Taxi Driver*, and *Jaws*. *Easy Riders, Raging Bulls* vividly chronicles the exuberance and excess of the times: the startling success of *Easy Rider* and the equally alarming circumstances under which it was made, with drugs, booze, and violent rivalry between costars Dennis Hopper and Peter Fonda dominating the set; how a small production company named BBS became the guiding spirit of the youth rebellion in Hollywood and how, along the way, some of its executives helped smuggle Huey Newton out of the country; how director Hal Ashby was busted for drugs and thrown in jail in Toronto; why Martin Scorsese attended the Academy Awards with an FBI escort when *Taxi Driver* was nominated; how George Lucas, gripped by anxiety, compulsively cut off his own hair while writing *Star Wars*, how a modest house on Nicholas Beach occupied by actresses Margot Kidder and Jennifer Salt became the unofficial headquarters for the New Hollywood; how Billy Friedkin tried to humiliate Paramount boss Barry Diller; and how screenwriter/director Paul Schrader played Russian roulette in his hot tub. It was a time when an "anything goes" experimentation prevailed both on the screen and off. After the success of *Easy Rider*, young film-school graduates suddenly found themselves in demand, and directors such as Francis Coppola, Peter Bogdanovich, George Lucas, and Martin Scorsese became powerful figures. Even the new generation of film stars -- Nicholson, De Niro, Hoffman, Pacino, and Dunaway -- seemed a breed apart from the traditional Hollywood actors. Ironically, the renaissance would come to an end with *Jaws* and *Star Wars*, hugely successful films that would create a blockbuster mentality and crush innovation. Based on hundreds of interviews with the directors themselves, producers, stars, agents, writers, studio executives, spouses, and ex-spouses, this is the full, candid story of Hollywood's last golden age. Never before have so many celebrities talked so frankly about one another and about the drugs, sex, and money that made so many of them crash and burn. By turns hilarious and shocking, *Easy Riders, Raging Bulls* is the ultimate behind-the-scenes account of Hollywood at work and play.

The only comprehensive reference and tutorial for Civil 3D 2011 Civil 3D is Autodesk's popular, robust civil engineering software, and this fully updated guide is the only one endorsed by Autodesk to help students prepare for certification exams. Packed with expert tips, tricks, techniques, and tutorials, this book covers every aspect of Civil 3D 2011, the preferred software package for designing roads, highways, subdivisions, drainage and sewer systems, and other large-scale civic projects.
