

Spanish Civil Code Wipo

General information on the interface between intellectual property (IP) and traditional knowledge (TK), traditional cultural expressions (TCEs), and genetic resources (GRs). It briefly addresses the most important questions that arise when considering the role that IP principles and systems can play in protecting TK and TCEs from misappropriation, and in generating and equitably sharing benefits from their commercialization, and the role of IP in access to and benefit sharing in GRs.

This review is a condensed, yet comprehensive, panorama of all the key aspects of performers' contracts in the audiovisual industry and the various ways in which these may serve the interests of both performers and producers.

This study examines each of the 73 articles of the TRIPS Agreement. Where an article has implications for a WIPO administered treaty, there is an in-depth examination of that article, pointing out possible changes in the obligations of a state. This study does not constitute an official interpretation of the WIPO administered treaties nor of the TRIPS Agreement. The common framework for industrial property information and documentation.

WIPO Roving Seminars

This Portfolio serves as a catalogue of all the training opportunities to be offered by the WIPO Academy in 2020 and outlines the content of each course. It gives information to potential participants on eligibility criteria, application formalities, timelines, selection procedures, travel and other

relevant necessary information.

This Guide seeks to clarify and explain the legal principles enshrined in the copyright and related rights treaties administered by WIPO, and their relationship with policy, economic, cultural and technological considerations. It will be particularly helpful to governments, creators, businesses, the legal profession, academics, consumers and students in all WIPO Member States.

The World Intellectual Property Organization is the global forum for intellectual property. We provide access to the world's IP information. Through our website, you can search millions of patents, brands and designs and find out about IP laws all around the world.

An overview of intellectual property activity based on the latest available year of complete statistics.

This flyer briefly outlines the content, features and options available within WIPO's Global Brand Database.

Read our flyer to get a quick overview of South-South cooperation and WIPO's work in the area.

Comprehensive summary of the conventions, treaties and agreements administered by the World Intellectual Property Organization.

The Sustainable Development Goals (SDGs) provide an ambitious roadmap for human progress. This brochure explains how WIPO's work supports the SDGs by enabling innovation for the economic, social and cultural development of all countries.

Mediation has proved very successful in achieving a result beneficial to both sides to a dispute. This booklet provides a straightforward introduction to mediation, based on the extensive experience of the

WIPO Center. It describes the main features and advantages of mediation and explains how mediation under the WIPO Mediation Rules works in practice, with case examples.

The Program and Budget is a defining document for the Organization. It establishes the results that Member States wish to see achieved by the Organization over the coming biennium and authorizes the programs and resources necessary for the realization for those results.

The Treaty deals with intellectual property rights of two categories of beneficiary: (i) performers (actors, singers, musicians, etc.), and (ii) producers of phonograms (the persons or legal entities who or which take the initiative and have the responsibility for the fixation of the sounds).

This brochure outlines the options for searching industrial design documents in WIPO's Global Design Database.

The WIPO Magazine explores intellectual property, creativity and innovation in action across the world. Under its Professional Development Program (PDP) the WIPO Academy offers every year a series of training courses on various aspects of industrial property and copyright and related rights for the benefit of government officials from developing countries, least-developed countries and countries with economies in transition.

The WIPO Consumer Survey Toolkit on Respect for

IP is intended for use by public- and private-sector bodies wanting to measure consumer attitudes towards pirate and counterfeit goods. The creation of the Survey Toolkit was made possible by Funds-in-Trust provided by the Ministry of Culture, Sports and Tourism of the Republic of Korea.

WIPO Match is a database and networking tool that puts organizations seeking to use intellectual property (IP) to develop their countries in touch with donors who can help them.
