many different settings, finding help from literary texts in times of often painful personal need. It is the story of the work done by Philip Davis' research unit, the Centre for Research into Reading, Literature and Society (CRILS), at the University of Liverpool, in a ten-year partnership with the outreach charity The Reader, taking serious literature to often neglected communities and struggling individuals through the shared reading--alive and aloud--of literature from all ages. Reading for Life is a detailed account of what reading literature can do for a wide variety of individuals in relation to a wide variety of texts: it will be of interest to serious readers in the wider world as much as to scholars working within literary studies, and to all those involved in thinking about the therapeutic interactions of literature and life in psychology, medicine, and mental health support settings.

A New York Times Editor's Choice Pick "A novel of huge heart and fierce intelligence. It has restored my faith in pretty much everything." —Ann Patchett, #1 New York Times bestselling author of *Commonwealth* "[An] electric debut novel...Reader, beware: Spending time with *Lucy* is unapologetic fun, and heartbreak, and awe as well." —Chloe Malle, *The New York Times Book Review* In this "frank, bittersweet coming-of-age story that crackles with raw adolescent energy, fresh-cut prose, and a kinetic sense of place" (*Entertainment Weekly*), a teenaged tomboy explores love, growing up, and New York City in the early 1990s. New York, 1993. Street-smart seventeen-year-old Lucy Adler is often the only girl on the public basketball courts. Lucy's inner life is a contradiction. She's by turns quixotic and cynical, insecure and self-possessed, and, despite herself, is in unrequited love with her best friend and pickup teammate, Percy, the rebellious son of a prominent New York family. As Lucy begins to question accepted notions of success, bristling against her own hunger for male approval, she is drawn into the world of a pair of provocative feminist artists living in what remains of New York's bohemia. Told with wit and pathos, *The Falconer* is at once a novel of ideas, a portrait of a time and place, and an ode to the obsessions of youth. In her critically acclaimed debut, Dana Czapnik captures the voice of an unforgettable modern literary heroine, a young woman in the first flush of freedom.

Mike Lee contributed "a tour de force constitutional lecture" putting the Supreme Court's decisions concerning the Patient Protection and Affordable Care Act (aka ObamaCare) into context. Reading as a Philosophical Practice asks why reading—everyday reading for pleasure—matters so profoundly to so many people. Its answer is that reading is an implicitly philosophical activity. To passionate readers, it is a way of working through, and taking a stand on, certain fundamental questions about who and what we are, how we should live, and how we relate to other things. The book examines the lessons that the activity of reading seems to teach about selfhood, morality and ontology, and it tries

to clarify the sometimes paradoxical claims that serious readers have made about it. To do so, it proposes an original theoretical framework based on Virginia Woolf's notion of the common reader and Alasdair MacIntyre's conception of practice. It also asks whether reading can continue to play this role as paper is replaced by electronic screens.

could see the larger story of God and humanity, our world would never be the same. That story is found in large part in the sixty-six letters of the Bible. Written in a conversational first person, as if God is speaking directly to us, Dr. Crabb looks at each individual book in scripture and boils it down to a one- or two-sentence message to us from that particular book. He then unpacks each sentence in a short chapter answering the question, What does God want me to hear from this love letter? The book's epilogue then fits all sixty-six pieces of the jigsaw puzzle together into one coherent paragraph and reveals the beautiful picture of what God has been about since the creation of the world. Far from being comprehensive, this is a personal approach to helping readers know God and his great love for them, his message for all mankind, and how their lives fit into His larger story.
