Laila Tindall is only in Raihan to hone her pottery skills and visit her ailing grandfather. Marriage was never in the picture. But when her grandfather is tricked into signing a binding marriage contract to a man she finds repugnant, she has one choice: Run away. Her flight ends with a fortuitous meeting with Zayid Hasan, Crown Prince of Raihan, who offers the perfect solution to Laila's predicament: marry him and solve both their problems. Zayid's younger brother must marry his pregnant fiancé, and ancient laws dictate the oldest brother is required to marry first. Desperate for a way to protect both her grandfather and herself, Laila agrees. After all, their marriage will last only until Zayid's brother can marry—and her marriage to the brooding, handsome prince isn't much of a sacrifice. It's not like she's going to be foolish enough to fall in love... Zayid doesn't know what to think about his new half-American wife. He doesn't really want to think about her at all, but for some reason, he can't stop himself.

Strangely enough, all the royal functions that used to bore him silly are now entertaining with Laila by his side—even though he knows she'd much rather be alone creating her art. Though the marriage of convenience was his idea, he can't help but start to wish it was the real deal. No way can he ignore the simmering chemistry that's driving them both a bit crazy. He's much better at ignoring what's in his heart—until he realizes it just might break if he can't convince Laila to stay with him forever...

Without Forgetting the Imam is an ethnographic study of the religious life of the Lebanese Shi'ites of Dearborn, Michigan, the largest Muslim community outside of the Middle East. Based on four years of fieldwork, this book explores how the Lebanese who have emigrated, most in the past three decades, to the United States, have adapted to their new surroundings. Anthropologist Linda Walbridge delves into the ways in which politics and religion have converged as the Lebanese Shi'i community has remade its identity and accommodated itself to a new environment. She captures a broad picture of religious life within the realm of community living and within the mosques which have proliferated in Dearborn. Walbridge explains how Shi'ites, affected in one way or another by Islamic revivalism, have brought different notions of how their religion should be expressed and carried out in America. These differences are reflected in mosque rituals, social functions, sermons, and educational activities. She also explores how contemporary Middle Eastern politics and the religious leadership in Iran and Iraq influence the functioning of the mosques.

This is a memoir about living, loving, dreaming, daring, and driving while female -- in a country where it's dangerous to do all of the above. Manal al-Sharif grew up in Mecca the second daughter of a taxi driver, born the year strict fundamentalism took hold. In her adolescence, she was religious radical, melting her brother's boy band CDs in the oven because music was haram: forbidden by Islamic law. But what a difference an education can make. By her twenties, she was a computer security engineer, one of a few women working in a desert compound built to resemble suburban America. That's when the Saudi kingdom's contradictions became too much to bear: she was labeled a slut for chatting with male colleagues, her school-age brother chaperoned her on a business trip, and while she kept a car in her garage, she was forbidden from driving on Saudi streets. Manal-al-Sharif has written a memoir about the making of an accidental activist, a story of a young Muslim woman who stood up to a kingdom of men -- and won.

She knows there is more to him than charismatic charm and good looks. She can see behind the King's hardened personality and the playful maid's feelings for him are definitely more than noble. Then Zara is removed from the palace and the Queen sets into action a deadly plot to claim the King's firstborn child. Will Zara be able to save her King, or will he have to sacrifice his happiness for the sake of tradition?

Cairo is a city obsessed with honor and respectability—and love affairs. Sara, a working-class woman, has an affair with a married man and becomes pregnant, only to be abandoned by him; Ayah and Zeid, a respectably engaged couple, argue over whether Ayah's friend is a prostitute or a virgin; Malak, a European belly dancer who sometimes gets paid for sex, wants to be loved by a man who won't treat her like a whore just because she's a dancer; and Alia, a Christian banker who left her abusive husband, is the mistress of a wealthy Muslim man, Haroun, who encourages business by hosting risqué parties for other men and their mistresses. Set in transnational Cairo over two decades, *Love, Sex, and Desire in Modern Egypt* is an ethnography that explores female respectability, male honor, and Western theories and fantasies about Arab society. L. L. Wynn uses stories of love affairs to interrogate three areas of classic anthropological theory: mimesis, kinship, and gift. She develops a broad picture of how individuals love and desire within a cultural and political system that structures the possibilities of, and penalties for, going against sexual and gender norms. Wynn demonstrates that love is at once a moral horizon, an attribute that "naturally" inheres in particular social relations, a social phenomenon strengthened through cultural concepts of gift and kinship, and an emotion deeply felt and desired by individuals. This much-needed study documents positive Arab-American contributions to American life and culture, especially in the last decade, debunking myths and common negative perceptions that were exacerbated by the 9/11 attacks and the War on Terror. •

Incorporates contributions from seven scholars and community activists who have extensive experience in the Arab American community • Traces key events in Arab American history, beginning with the landing of the first Arab immigrant in 1528 through recent appointments of Arab Americans to the Obama Administration • Includes artwork and illustrations by prominent Arab American artists • Contains a map of the Arab world as well as charts, graphs, and tables measuring the economic and political involvement of Arab Americans • A rich glossary provides a resource of Arabic words to help readers understand Arab traditions still present in Arab American life as well as sociological terms and key political events relevant to recent Arab American history

Growing up in Egypt's Nile Delta, Wafaa El Saddik was fascinated by the magnificent pharaonic monuments from an early age, and as a student she dreamed of conducting excavations herself and working in the Egyptian Museum in Cairo. At a time when Egyptology was dominated by men, especially those with close connections to the regime, she was determined to succeed, and secured grants to study in Boston, London, and Vienna, eventually becoming the first female general director of the country's most prestigious museum. She launched the first general inventory of the museum's cellars in its more than hundred-year

history, in the process discovering long-forgotten treasures, as well as confronting corruption and nepotism in the antiquities administration. In this very personal memoir, she looks back at the history of her country and asks, What happened to Egypt? Where did Nasser's bright new beginning go wrong? Why did Sadat fail to bring peace? Why did the Egyptians allow themselves to be so corrupted by Mubarak? And why was the Muslim Brotherhood able to achieve power? But her first concern remains: How can the ancient legacy of her country truly be protected?

Beth would do anything for her twin sister, Addie, who has been betrothed to a sheikh from young age and has led a life of high expectation and heavy responsibility. As the day of meeting the sheikh nears, Addie confides in Beth with her secret love for another man. In a desperate attempt to get out from her father's control, Nora Williams agrees to marry a man she doesn't love. But she's shocked when her old friend, Sheikh Rashid, whom she hasn't seen in years, begs her not to go through with it. Even more surprising? Rashid has a proposal. Literally. Nora should marry him instead. She had a secret crush on Rashid when they were younger, so the offer is awfully enticing. But Rashid is the crown prince of Omirabad—how could she possibly fit in with his royal family? And will she be able to follow her calling for midwifery the way she wants—needs—to? Worse, Rashid's proposal feels more like a business contract than a marriage proposal. Until they kiss, that is. Rashid never had any illusion that his marriage would be one of passion. As a member of the royal family, he's expected to marry before thirty and doesn't have time to find a woman he actually loves. Until he hears of Nora's predicament... He'd wanted to be more than friends when they were younger, but they'd never done more than exchange looks across a study table. Unfortunately, even with his proposal, he's still only a friend to her. Their marriage of convenience, though, lasts about two hours before unraveling into a state of wedded bliss—at least for Rashid. What he doesn't realize is how much Nora misses her midwifery work, or how very unhappy she's become trapped in the palace. But the wife of a sheikh has no business working with his country's poor or being reckless about her safety. As the two slowly grow closer, they must reconcile Nora's calling with Rashid's responsibilities to his country. And discover if this marriage of theirs is real or just a terrible mistake.

Sometimes, love is stolen... The eldest of three brothers, Sheikh Jaymin Khalidizack is mere months away from winning the wedding bet—after all, he's far too serious to get swept up in romance.
