

## The Way I Am Eminem

Eminem is the best-selling musical artist of the 21st century. He is also one of the most contentious and most complex artists of our time. His verbal dexterity ranks him among the greatest technical rappers ever. The content of his songs combines the grotesque and the comical with the sincere and the profound, all told through the sophisticated layering of multiple personae. However one finally assesses his contribution to popular culture, there's no denying his central place in it. This collection of essays gives his work the critical attention it has long deserved. Drawing from history, philosophy, sociology, musicology, and other fields, the writers gathered here consider Eminem's place in Hip Hop, the intellectual underpinnings of his work, and the roles of race, gender and privilege in his career, among various other topics. This original treatment will be appreciated by Eminem fans and cultural scholars alike.

With a childhood that was made up of no father, being beat up by schoolmates, and dropping out of high school, no one expected much from Eminem, but in that same childhood, Eminem would find an escape from it all through hip-hop music. Not only does this hip-hop biography stress his struggles coming up, but it highlights how Eminem has become one of the most successful hip-hop stars of all-time.

Featuring new critical essays by scholars from Europe, South America, and the United States, *At Home and Abroad* presents a wide-ranging look at how whiteness-defined in terms of race or ethnicity-forms a category toward which people strive in order to gain power and privilege. Collectively these pieces treat global spaces whose nation building and identity formation have turned on biological and genealogical exigencies to whiten themselves. Drawing upon racialized, national practices implemented prior to and during the twentieth century, each of the essays enlists literature or performance to reflect the sociopolitical imperatives that secured whiteness in the respective locations they study. They range from examinations of whiteness in the literature of Appalachia and contemporary Argentinean poetry to an analysis of performances memorializing the colonial experience in Italy and an exploration into the white rap music of Eminem and contemporary multiracial passing. As the contributors show, literary and performance representations have the power to chronicle histories that reflect the behaviors and lived realities of our selves. Whether whiteness, in addition to its physical manifestation, presents itself as identity, symbol, racism, culture, social formation, political imposition, legal imposition, or pathology, it has been outed into the visible, even in national spaces where the term "whiteness" has yet to be translated and entered into the official lexicon. The ten essays collected here provide powerful insights into where and how the race for biological and genealogical whiteness persists in various geopolitical realms and the ways in which Nordic whites, as well as ethnic whites and nonwhites, resecure its ascendance. Her recent critical study *Toni Morrison and the Idea of Africa* won the 2008 Toni Morrison Society Prize for Best Single-Authored Book on the Nobel laureate and Pulitzer-Prize winning author. From his fledgling rhymes with New Jacks and D - 12 through to chart - busting epics like 'My Name Is', 'The Way I Am', and 'Stan', Eminem's recorded work has been an exercise in lyrical genius, satirical wit and enjoyable gratuitous offensiveness. But Marshall Mathers is not just a mere comic turn. Fuelled by an unhappy and under - privileged upbringing, caught within the slick Dr Dre - crafted rhythms of his music are also condemnations of societal hypocrisy, controversial apparent endorsements of homophobia and narcotic abuse, and some

extraordinarily graphic and violent imagery. Juggling his musical and real - life personae of Marshall Mathers, Slim Shady, and Eminem, the scattergun outrage of his best work hides a patchwork of knowing quips, self - referential asides and, bizarrely, a self - righteous, easily offended personal morality. Eminem may be sore, but he's smart, too.

In the decade since Mary Kay Letourneau's infamous liaison with her sixth-grade student was exposed, the reporting of sexual misconduct cases among teachers has proliferated. The amount of media attention - to women teachers in particular - has increased because the public is titillated and baffled by such cases of

aberrant female sexuality. This is a qualitative case study of two high school English teachers, Hannah and Kim, who each had a sexual relationship with a student. Their cases are examined, along with those of Letourneau and Heather Ingram, two headline-heavy teachers whose backgrounds and patterns of behavior within the relationships are similar to Hannah's and Kim's. Without judging or sympathizing, this book elucidates the process by which these women crossed the ethical and professional line from teacher to lover. Teacher educators concerned about raising issues of gender, sexuality, and embodiment in their classes will find this a thorny but compelling text for generating dialogue about the taboo topic of bodies in education.

A self-portrait by the controversial music artist shares his private thoughts on everything from his inner struggles to his relationship with his daughter, in an account complemented by drawings, hand-written lyrics, and previously unseen photographs.

Beyond Argument offers an in-depth examination of how current ways of thinking about the writer-page relation in personal essays can be reconceived according to practices in the "care of the self" — an ethic by which writers such as Seneca, Montaigne, and Nietzsche lived. This approach promises to revitalize the form and address many of the concerns expressed by essay scholars and writers regarding the lack of rigorous exploration we see in our students' personal essays — and sometimes, even, in our own. In pursuing this approach, Sarah Allen presents a version of subjectivity that enables productive debate in the essay, among essays, and beyond.

In the majority of mainstream writing and discussions on music, women appear purely in relation to men as muses, groupies or fangirls, with our own experiences, ideas and arguments dismissed or ignored. But this hasn't stopped generations of women from loving, being moved by and critically appreciating music, even – and sometimes especially – when we feel we shouldn't. *Under My Thumb: Songs that Hate Women and the Women Who Love Them* is a study of misogyny in music through the eyes of women. It brings together stories from journalists, critics, musicians and fans about artists or songs we love (or used to love) despite their questionable or troubling gender politics, and looks at how these issues interact with race, class and sexuality. As much celebration as critique, this collection explores the joys, tensions, contradictions and complexities of women loving music – however that music may feel about them.

It was released as the album's second single on August 9, 2010, through Interscope Records. The song features vocals by Bajan singer Rihanna; the duo's chemistry was widely praised. Lyrically, the song is

about someone whom he loves but the girl does not love him back as Eminem dedicated this song to people who have been through a bad relationship, incorporating themes of domestic violence. Eminem and his manager originally reached out to Rihanna when he heard the track that da Kid produced, as Eminem felt that only Rihanna could execute the part perfectly.
